# WILSON TO DECIDE ITALY'S CASE

## PRESIDENT MAY CALL SPECIAL SESSION OF CONGRESS FROM PARIS

(By Associated Press)  
Paris, Friday, March 21.—A special session of both houses of the American Congress will probably be called to assemble about the middle of May, the date when President Wilson hopes to return to the United States. If the treaty of peace is sufficiently advanced to warrant such a course a special session of the Senate may be called even earlier to afford it opportunity to deal with the subject before being called upon to direct its attention to other important matters, chief of which will be financial affairs. It is held to be unnecessary for President Wilson to be in Washington when the call for such a special session is issued for this may be called from Paris in advance of his departure from France. He has reached no decision regarding the question, however, and is reserving the shaping of his course of action until he has a more definite idea of the date of his return to America. He is keeping in touch with the development of sentiment in the United States toward a league of nations. If

the situation appears to him to demand such action it is not unlikely that shortly after his return from Europe he will make an extended speaking tour presenting his view of the issue directly to the voters in the states of the Senators opposed to the ratification of the league plan.

## PETROGRAD MENACED BY LETTISH TROOPS

(By Associated Press)  
Paris, March 22.—The Russian-Lettish offensive against the Bolsheviks is menacing Petrograd so seriously that Leon Trotsky the Bolshevik Minister of War and Marine, has ordered the general mobilization of all men up to the age of 46 according to a Zurich dispatch to the Matin.

## Ultimatum in Regard to Italy's Demand for Port of Fiume to Go Before President for Settlement—Hope to Avert Grave Danger of Disruption

## BROCKTON TOTS DEAD AS RESULT OF EATING PILLS

(By Associated Press)  
Brockton, Mass., March 22.—Pasquale Rosario, aged 2, is dead and Gerald R. Oldham, the same age, is seriously ill at a Brockton hospital from swallowing poison tablets today.

## WOUNDED CANADIANS AT PORTLAND

(By Associated Press)  
Portland, Me., March 22.—The hospital ship Arcturion arrived today with a detachment of 783 wounded Canadian soldiers on their way to military districts in Canada.

(By Associated Press)  
Paris, Friday, March 21.—The Italian ultimatum to the supreme council over the title to Fiume will go before President Wilson for consideration and solution. Its removal as a serious danger mark in the conference proceedings is hoped for and it is expected the President will present some plan by Sunday. One possible solution of the problem now under consideration is that military experts of the supreme war council who have discharged themselves of German war risks shall at once consider the Italian claim under instructions to present a solution in time to secure action upon them simultaneously with the disposition of the German peace treaty.

Paris, Friday, March 21.—Delegates to the conference of neutrals devoted considerable time today to the discussion of the article in the league of nations covenant which provides for coercive measures against a state breaking with the league without submitting its grievances to the executive body of the league. Amendments were prepared stipulating that force might be used only in case of necessity, that it might be brought to bear only after economic pressure had been ineffectual and that small states might decline to take warlike steps. Lord Ro-

bert Cecil, who presided said that if small states were allowed to refrain from military action the forces of other states should be given permission to pass over their territory. The Premier of Greece declared incidentally during the discussion that purely defensive alliances would be allowed under the league of nations covenant. The principle that armaments should be reduced to the minimum was recognized by the conference.

In connection with the league of nations commission's mission to consider amendments proposed to the covenant the text of the amendment proposed by the Swiss delegation to the conference of neutrals was given out today. While the amendment does not mention the Monroe Doctrine it is tacitly understood to apply to it. Some of the members of the American delegation are inclined to accept an amendment on such lines, feeling that it will meet the demand of the United States for some declaration in the spirit of the Monroe Doctrine. The amendment reads: "This covenant shall not be interpreted as containing anything contrary to the sovereignty of states except insofar as the state itself by adhering to the covenant shall consent to the covenant it shall not interfere with the internal affairs of any of its members."

## BILLION SUM COLLECTED IN TAX DRIVE

(By Associated Press)  
Washington, March 22.—Collection from the first quarterly payment of income and property taxes due last Saturday amounted to \$1,001,241,000 in 63 of the 93 collection districts. Internal Revenue Commissioner Roper announced today.

## CHARGE EMPLOYEE WITH THEFT

(By Associated Press)  
Franklin, Mass., March 22.—Larceny of \$4,500 in money orders was charged against Edward C. Barney, agent of the American Railway Express Co. at Plainville in the district court today. Barney, who is 60 years of age, pleaded not guilty and bonds were set at \$5,000.

## MAY SETTLE BIG TEXTILE STRIKE SOON

(By Associated Press)  
Lawrence, Mass., March 22.—An announcement that the American Woolen Co. officials were ready to meet a committee of their employees was made today through the citizens committee which has been endeavoring to bring about a settlement of the textile strike. It was the first definite step looking toward negotiations that has been made since the strike started. It was announced that the conference if arranged would be held this afternoon. The loan fixers employed in the four mills of the American Woolen Co. started an independent strike today. They had demanded a minimum weekly wage of \$42.00 and when their pay envelopes today indicated that the company had not met the demands, the men walked out. Mill officials said a total of 110 men were affected. Officers of the loan fixers' union said the number was considerably larger.

## PRESIDENT MAY COME HOME MAY 1

(By Associated Press)  
Washington, March 22.—It was said unofficially at the White House today that President Wilson might return to the United States by May 1, having left Paris immediately after reaching an agreement on the principal features of the peace treaty without waiting for the actual signing of the document. An extra session of Congress not later than May 15th now is regarded as a certainty among officials and leaders in Congress. If the President is able to return as early as May 1st both houses may be called to meet very shortly after that date.

## GERMAN FLEET HELD UP FOR LACK OF MEN

Berlin, Thursday, March 20.—The North German Lloyd steamship line, a special dispatch from Bremen says, has a fleet of 23 steamships, totalling 250,000 tons, loaded, equipped and ready to depart for the United States. There has been some difficulty in manning the ships because of propaganda carried on among seamen by a small Spartan minority.

## THE WEATHER

Washington, March 22.—Cloudy tonight and Sunday, probably rain or snow on the coast tonight. Cooler tonight. Strong north winds.

## CAR SKIDS MAN HELD ON SERIOUS CHARGE

(By Associated Press)  
Franklin, Mass., March 22.—Charles J. McDonald, of Boston, is charged with manslaughter in the local court as a result of an accident at East Walpole last night when John A. Davis of Boston, a passenger in an automobile driven by McDonald, was drowned. The car skidded against a guard rail on the bank of the Neponset river, broke through and fell into the water.

## STORK VISITS U. S. TROOPSHIP

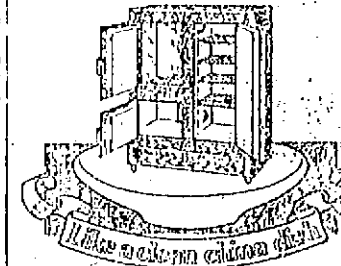

(By Associated Press)  
New York, March 22.—Among the 2253 troops on the transport Louisville which arrived today from Brest was Casual Co. No. 709 of Massachusetts. Also aboard were 21 wives of soldiers, 27 wives of sailors, and 45 nurses. When the Louisville was 708 miles out from Brest the stork came aboard with Louis Scott Kemm, 8 1/2 pounds, so named because the ship was the Louisville and because the boy's father, John Kemm, a sailor whose home is in Philadelphia, was stationed at a naval base in Scotland.

## Wear Gossard CORSETS They Lace In Front

### THE ORIGINAL FRONT-LACING CORSETS

Offered this season with a front so perfect that it rivals the beauty of the world-famed Gossard back. The perfect front eliminates all appearance of fat or thickness and gives a hygienically correct abdominal support that means all day comfort standing, sitting or bending. The Gossard back, with its delightfully flat lines that never have been and never will be attained by those attempting imitations, perfectly supports the spine and back muscles in every position.

Let our trained corsetiere help you find the particular corset—a perfect fitting Gossard. Our Mrs. Estabrook has just returned from New York, where she has been attending the Gossard school of instruction, and is thoroughly posted on all the newest information regarding corsets and fitting. She holds a graduate diploma given only to those qualifying according to the high Gossard standard.

## I WILL NEVER SAY AGAIN "That All Dentists Are Alike"

This statement was made to us by a lady who came to our office last week in fear and trembling who had to have 3 teeth extracted, 2 filled and a gold crown put on. We completed the job and the above was her exclamation with this following:

"I have been having dentistry done for many years and this is the first time in my experience that the work has been absolutely painless. I never felt the least bit. I surely will recommend all my friends to come to Dr. Moran; he is the one dentist who doesn't hurt you."

Don't be ashamed of your teeth! At the prices I am charging for High Grade Dentistry, no one can afford to overlook the appearance of their teeth.

## BUT ONE MAN TO INSPECT 75 FREEZERS

Boston, Mass., March 22.—Kearney Pooler, president of the Commonwealth Ice and Cold Storage Company, and a director of the Day State Fishing Company of Maine, testified at the trial of the 80 men involved in the indictment charging a conspiracy to raise the price of fish unlawfully in time of war, that he had been on the Commonwealth pier and had been shipped from the Pacific coast. He could not say, he stated, what amount had been brought across the continent.

Blair Blake, the little son of Mr. and Mrs. Forrest Blake, passed away on Friday afternoon after an illness of two weeks from influenza followed by complications. The little one was 7 years old and was an unusually attractive child. His death has caused much sorrow in the home. The young parents have the sympathy of many friends in their sad loss.

### BRITISH BAN IMPORTING DYES AND DYESTUFFS

London, March 21.—King George VI. has signed a proclamation which prohibits the importation of dyes and dyestuffs after the declaration of peace except under license granted by the Board of Trade.

## INSANE MAN EATS THREE POUNDS OF IRON

Boston, March 22.—To have nearly three pounds of metal in one's stomach and live, seems almost incredible but such was the record of a young man under treatment at the Boston Insane Hospital, who was transferred recently to the Boston City Hospital for a surgical operation.

Within an hour after he arrived at the latter institution, he was X-rayed, placed on the operating table and every piece of iron and steel successfully removed by the surgeon.

Of the 141 foreign bodies "fished out" there were three peach stones, nine copper cents, 123 sections of the springs more than three inches in length and much smaller. He was about 32 years of age and electrical engineer for a big power plant of Greater Boston.

At times he expressed a determination to end his life, but when pressed as to why he attempted to do so on so much foreign substance, would jokingly remark: "Well, they say iron is good blood tonic and, I believe, steel is even better, brighter and stronger."

For more than three weeks, he seemed on the road to recovery, but blood poisoning developed, ending in his death a few days ago.

## ELIOT

Eliot, March 22.—Misses Isabelle B. and Inez J. Remick left today for a week's visit with friends in Roxbury and Newton, Mass.

Rev. Fred Norcross of Malden, Mass. was a visitor in town Thursday.

Mrs. Chester Donnell of Norwick, Me., passed Wednesday in town.

Mrs. Herbert S. Neeson left today for a visit with her daughter, Mrs. Joseph P. Willis of Brookline. Miss Miss Lucy Klinka has been visiting here as the guest of Mrs. Willis.

Among those from here who attended the auto show in Boston this week were Postmaster Harry L. Bishop, Mr. and Mrs. Wm. Faulkner, Mr. and Mrs. Fred Foster, Mr. and Mrs. William Plymston and Miss Plymston and William Norlon.

Mrs. G. Snel Hamburg of Boscaworth visited her mother, Mrs. Samuel Dixon Wednesday.

Quite a number of people are house sitting these days, in most instances fruitless search.

The strike left two babies at River-View situation this week, which is carried on by Mrs. Cyrus Bartlett.

According to the vital statistics reported by Town Clerk Joseph H. Dixon there were 35 births, 22 deaths, 13 marriages and 45 deaths, 8 males, 17 females. The oldest person was over 90 years and two were over 80 years.

## LIFT OFF CORNS!

Apply few drops then lift hard, touchy corns off with fingers—No pain!

Doesn't hurt a bit! Drop a little Frezzone on an aching corn, instantly that corn stops hurting. Then you lift it right off. Yes, tonight!

A tiny bottle of Frezzone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses without soreness or irritation.

Frezzone is the sensational discovery of a Cincinnati genius. It is wonderful.

On the 17th day of March (George Jones not any which year) Geo. E. Ireland first saw the light of day and he celebrated one of his milestones last Monday, in a quiet way, assisted by his good wife and grandpa. Artist Walter Hayden of Lynn, at his pleasant home at Ireland's Corner.

After fifteen years of faithful service Maurice S. Leach closes his labors as town tax collector. A town tax collector's position is not usually an enviable one as they are almost sure to be looked upon by some as a kind of a "culture" and are most sure to get more of less enemies but not so with Maurice Leach. He collected the taxes, really got them, but he did it in such a way that he has paid the entire fifteen years hold the respect and admiration not only of the tax payers but the town authorities as well. One of the oldest tax payers in town recently made the remark that it was almost a pleasure to pay your taxes to Maurice Leach.

The ladies' degree team of the John P. Hill grange are to work the third degree on a class of ten and the degree team of South Berwick will work the fourth degree on the same class next Monday night, the 24th. Supper will be served at 6:30 sharp. Visitors from South Berwick and Portsmouth are expected. A program is planned for the lecturer's hour.

Past Master Charles B. Gato has the best wishes of the grange and they hope he may soon gain his health and get out to the meetings again.

## SISTINE CHOIR TO MAKE TOUR OF UNITED STATES

New York, March 22.—The famous Sistine choir from Rome will make a concert tour of the United States, beginning in May, under the auspices of dignitaries of the Catholic church. The choir, which is the oldest and most famous known to the Christian world, is composed of 22 choir chaplains. For centuries it has had the exclusive privilege of singing at the ecclesiastical functions at which the Pope officiates in person. It was founded by Sylvester, whose Pontificate extended from 314 to 335.

## THE NEXT WILL BE CHEWING GUM, HIGH HEELS AND CORSETS

Maine Man Says This Freak Reform Is on the Way.

While the bill to make the beer one half of one per cent was under discussion in the Maine legislature representative Buzzell of Belfast took a fall out of the extreme bone dry element. He said "It wouldn't be long before chewing gum, would be damned, and we would be regulating how high heels the women should wear and the kind of corsets they should use."

## BAKER AS FRIEND OF PACIFISTS

Kansas City, Mo., March 22.—Forfeiture of a pacifist organization in such a clever manner that it has reached the foundations of the most active department of the government—the War Department, was charged in an address here Friday by Major Dick B. Foster, member of a court-martial at Camp Funston, Kansas, that tried 135 alleged conscientious objectors.

He accused Secretary of War Baker with "intentionally or unintentionally aiding and assisting the I. W. W., International Socialists and humanitarians in their program of blocking construction of the army by extending and perverting the acts of Congress for the protection, comfort and solace of these obstructionists."

## A RARE SPRING DAY

The weather on Friday the first official day of Spring, was one of the perfect spring days that are so rare at this time of the year. The temperature was high and even at ten o'clock last evening it was 52.

The last of the frost came out of the ground and the snow and ice in even the shady places melted away under the heat of the day. The effects of the good weather was everywhere apparent, with the streets crowded with people and more than the usual number of automobiles about.

There is a decided contrast from this time last year, yesterday the ice was all out of the Great Bay and a year ago it was two feet thick, with snow in the shady places and all ponds frozen over. There are every indications of a very early spring, and farmers predict that if this weather continues they will soon be doing spring plowing.

A REAL ECONOMY  
Because of Extra Wear

This is a better judge of shoe wear and cost than the policeman who is on his feet all day long. W. H. Berry, patrolman in Boston, Mass., says of Neolin-soled shoes: "My shoes with Neolin S. A. soles wear better than any others I have ever worn. They keep my feet dry all day long, and do not slip."

When you buy new shoes, be sure they are Neolin soled, and you, too, will know a better service from shoes. Moreover, these shoes are a real economy because of the extra wear they give. Most good shoe stores carry them in styles for men, women, and children.

And don't throw away your old shoes. Have them re-soled with Neolin Soles. Remember—these soles are flexible and waterproof, as well as long wearing, and are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

## Time to Call a Halt.

This paper has expressed its views on the proposition to reclaim lands and establish returned soldiers on farms at the expense of the government and such states as see fit to engage in such an enterprise. It believes the scheme to be unsound and altogether impractical, and that it is time for men and publications having any practical knowledge on the subject of agriculture to make themselves heard in opposition to an undertaking that will mean a vast outlay for very meagre returns.

And now there is another movement on foot to make farmers of the soldiers overseas before they return home. This movement is in the hands of the War Return Council of the Young Men's Christian Association, which, according to a dispatch from New York, has shipped a \$60,000 farming exhibit to France to be used for the instruction of American soldiers there. The exhibit was assembled by the Department of Agriculture at the request of the War Department and includes "soil from every county in the United States, dairy utensils, egg testers, cereal and corn samples, insecticides and fungicides, and other materials sufficient to fill five cars."

On the arrival of this exhibit in France it is to be divided into four parts and trucked about the country to different camps for purposes of demonstration. The government will pay the salaries of the "experts" in charge and the Y. M. C. A. will pay their expenses.

And so by an exhibit of "soils from every county in the United States," with various grains and implements, and "insecticides and fungicides," accompanied by instructions from "experts" it is proposed to fit them in the ranks for useful lives on the farm when they get home.

The project is nothing short of astounding, and one that should never have been endorsed by the government. It is altogether extravagant and fantastical, and there is no excuse for such expenditure at a time when there are so many pressing and inescapable demands for money.

This paper would not be understood as opposing any reasonable effort in behalf of the welfare of the soldiers and sailors when they return from the service, but the idea that they can be converted into successful farmers by the means proposed is absolutely preposterous, and when the burdens of the war are resting so heavily upon all classes it is wrong and unjust for the government to waste money in the ways mentioned.

During the excitement and hysteria occasioned by the war it was considered unpatriotic to question any expenditure or act of the government, no matter how foolish or extravagant. The time for that sort of submission has gone by and the time has arrived for the exercise of free speech and the right of plain and honest criticism. It is not too soon for the government to begin practicing something of the economy it has been urging upon the people from the day it entered the war.

Kittery appears to be somewhat divided on the League of Nations question just now, and such division is not confined to our neighbor across the river. It is safe to assume that the hearts of all are in the right place, and may the time soon come when they can declare in unison, "All's well that ends well."

The brewers have been given to understand by eminent counsel that it will be legal to continue brewing beer with an alcoholic content of 2 3/4 per cent, and this many of them plan to do. The "Bone Drys" will never accept this decision until they are obliged to, and lively times are in prospect.

The local detachment of the Salvation Army is under very youthful leadership just now, but the young girl, Miss Dorothy Lawrence, is doing her work well, assisted by her young sister. The girls make a very effective team and their work is deserving of the attention it is attracting.

Manchester got the first of the fifteen field meetings to be held in different parts of the state by the Grangers. Was this honor conferred upon the city because of its recent announcement that it will raise more war garden stuff this year than it did last?

The coming entertainment of the York Fire Department by the Portsmouth firemen will be a happy event, and while here the visitors will not be allowed to forget that they are in the hands of friends.

The British are planning to attempt an air trip across the Atlantic in the near future, and there is much less skepticism concerning the project than there would have been a year or two ago.

The price of ice in Lawrence, Mass., has been advanced 60 per cent. But it is hotter in Lawrence than in most other eastern cities just at present.

Sensible people will lose no sleep over the startling reports of sleeping sickness.

## AMERICANS AND BRITONS WON'T INTERFERE

(By Associated Press)

London, via Montreal, March 22.—The British Dominions do not feel they should take the responsibility of entering into the decision of the differences of European nations where the British Empire is not directly involved, it is set forth in a memorandum on the subject of nations submitted by Sir Robert Borden, the Canadian Premier to the British delegation at the peace conference according to the correspondent of the Morning Post. The memorandum, the correspondent states, is supported by the American delegation.

## PEOPLE'S OPINIONS

The Way He Sees It

Editor: A recent communication in the Herald touching on a new fire station was read with much interest.

This appeal for a modern fire station has been the cry for 25 years and the city is no nearer to this improvement today than it was a quarter of a century ago. The next municipal improvement to come should be a new city hall in a different location and the present municipal building remodelled for a central fire station.

J. E. W.

Portsmouth, N. H., March 22, 1919.

Why Not All of Them?

Editor: While the authorities and the papers are hounding about shacks on Vaughan street and other localities not a word is heard about the worst fire trap in the city at the corner of Congress and Chestnut streets. Why not give that shack some attention? CONGRESS STREET.

## THE HERALD HEARS

That another dentist is to locate in this city.

That more Portsmouth boys are arriving home from overseas every day.

That a new insurance and real estate firm will occupy the rooms on Market street recently vacated by the United States Labor Employment Bureau.

That mandarin hunters are out with the knife and basket.

That the history of the world's war when written, should be headed "Won by the 26th Division."

That the Kittery fire department was called for a brush fire on Main street on Friday afternoon.

That the index at the Granite State Insurance Company are said to have caught the howling fever.

That one of them is making some record in shooting at the candlepins.

That they might take on the Yeomen (P) for a match on the alleys.

That the Kittery fire alarm is tested now on every Saturday at noon.

That the plumbers and steamfitters are asking for an increase of wages on May 1.

That as soon as the bridge across the river is free from toll, the other in the state will come easy.

That the poll tax of three dollars is due on the next assessment.

That it is time that some sidewalk work was done on Vaughan street. The work is getting no cheaper.

That all the employees of the Portsmouth depot and freight office are now working on a 8 hour basis.

## PORTSMOUTH TO GET GERMAN TROPHIES

### War Relics to Be Placed in Public Parks.

The matter of securing some of the German war trophies for the public parks of this city has been taken up with U. S. Senator Moses by one of the Portsmouth delegation to the legislature. Senator Moses favors the idea very much as can be seen by the following letter to the member of the general court:

Washington, D. C., March 20.

Dear Sir—Returning here this morning I find your letter of March 17th, and I shall be very glad to make an effort to secure for the parks of Portsmouth a German war trophy.

"This whole subject of the distribution of War trophies will be taken up by the next Congress, and I assume that the distribution will be made in some proportion to the number of men which each state contributed to the war. I already have a few requests from New Hampshire, and I will see that Portsmouth is put away on the list in such distribution as I may have to do with."

Sincerely yours,

GEO. H. MOSES.

## CAPT. BURKE, KEEPER OF NUBBLE LIGHT, TO RETIRE

Capt. James Monroe Burke, for the past seven years keeper of the Nubble Light at York Beach, has been placed

on the retired list after 33 years of service and will conclude his duties March 31.

Prior to going to the Nubble Light Capt. Burke was keeper of White Island Light at the Isles of Shoals for 19 years, and previous to that saw service in 1898 and 1900, during the Spanish-American war.

He plans on retirement to take up his residence in Wolfeboro. He will be succeeded by G. F. Richardson, keeper of Cape Elizabeth Light.

Capt. Burke was a former resident of this city and well known here.

## NAVY YARD NOTES

Right On The Job

Congressman John P. Fitzgerald of Boston is already on the firing line and has appealed to the navy department to send some of the big German ships which the government will soon take over to the Boston navy yard for overhauling and repairs. Nobody has had time to make any request that one or two of them drop in at the Portsmouth navy yard.

No More Colored Hose.

Once more the uniform of the yeomen (P) has received the attention of the navy authorities at Washington. On Friday orders were made public which forbid the mixing of wearing apparel. Hereafter they must wear either their regulation uniform or complete civilian outfit. This order came after it was reported that many of them in and around Washington were brightening up their plain garb with colored silk stockings, a bit of hat trimming and the like.

Cannon Arrange a Date.

The yeomen (P) basketball team of the local navy yard and the Boston yeomen (P) will not meet in Boston on March 24 owing to a hitch relative to date and proposals made by the Boston girls who claim now that they cannot play on Saturday evenings. They also insist on the center doing the shooting and that the game be played under different rules from which covered the last game in this city. The Portsmouth yeomen (P) find any other night than Saturday hard to be away and hope that they may yet meet the Boston girls for a return game.

Two Games Ahead.

The Selyette girls' basketball team of New Hampshire College will play the yeomen (P) team in this city on Saturday night at the armory. On April 5 the yeomen (P) will clash with the Y. W. C. A. team of Portland.

Fifty Employees Discharged.

The discharge made in the Industrial Department today affected about 50 employees.

Acting Shop Superintendent.

Ident. H. H. McCarthy of the Industrial Department is acting shop superintendent during the absence of Constructor Hyden, who was called to the West by a death in his family.

Must Be In by March 29.

All applications for the examination of quartermen and leadingmen for the albatross list must be filed with the labor board before 130 p. m. on March 29th.

## STRIKE PROVES A TOUGH GAME

### Mill Hands Already Have Lost \$650,000 in Wages.

Next Monday will complete seven weeks of stupidity and folly on the part of a large body of mill operatives in Hallowell and Saco, and seven weeks of boasting and indifference to deplorable conditions on the part of the organizer, or rather disorganizer, who has urged the operatives on and still remains to smile while they suffer. By next Monday the operatives will have lost at least \$650,000 in wages, while they have gained nothing. Since the strike began, February 3, a period of a little less than seven weeks, the pinner bills of the city have increased \$1,300 over the amount during the corresponding period last year. And the situation steadily grows worse. There are scores of families here who because of the steady work and high wages had saved up tiny sums of money for a rainy day but now it is all gone, worse than thrown away, and calls are being made on the overseers of the poor for help.

## TROPHY OFFERED TO DEVELOP FLYING.

New York, March 22.—Colonel William A. Bishop, premier, British aviator, Friday offered through the Aero Club of America, an international trophy for annual competition in order to encourage the development of aerial navigation and to stimulate aerial sport between Canada, his native country, and the United States. This trophy, to be known as the "Ace of Aces Trophy," will be awarded in 1919 to the aviator who makes the quickest flight from Toronto, Canada, to Atlantic City during the second pan-American aeronautic exposition to be held from May 1 to 31.

## WELCOME HOME

Sergeant Wallace Edmund Batson of New Castle, a member of the 493 Aero Squad, who has been seeing service in France, is expected to reach home today.

Sergeant Batson is the son of Mr. and Mrs. Elmer Batson of New Castle and one of the popular boys of that town.

WALLACE E. BATSON.

town and will receive hearty greetings from his friends and townpeople.

He entered the service at Boston Nov. 29, 1917 and has since served at Fort Slocum, N. Y., San Antonio, Texas, at North Carolina, Langley's Field, Va., and has been in the air service in France for some time. He is a young man of fine characteristics and for two years was employed by the General Electric Company of Lynn, Mass., leaving to enter the service. He was born in East Canada in 1895 and attended the schools of New Castle and the Portsmouth High school. He has had some interesting experiences overseas.

Sergeant Lawrence E. Downing who has arrived home from overseas, is the son of Mr. and Mrs. Henry D. Downing. He enlisted April 15, 1917 in

LAWRENCE E. DOWNING

The New Hampshire National Guard. He was made a mess sergeant of the 9th Co., C. A. C., at Fort Slocum, New Castle, and has been overseas for some months.

Samuel H. Kingsbury, another of Portsmouth's well known young men, who arrived from service overseas some weeks ago and has since been at Camp Devens, Ayer, Mass., returned to this city last evening, having been given his release from the army. He was absent for five months, serving in Third Section 12, air service. This section would have been at the front on Nov. 13 had the armistice not been signed. Mr. Kingsbury's friends are giving him the glad hand and he has returned to his former position at the Marion Studio.

Leon L. Roberts, who is serving with the 30 Division Co. E, 115th Ammunition Train overseas, writes home that he is seeing some wonderful sights and is enthusiastic over his experience in the army.

In a letter received today by relatives he wrote that he was then in Coblenz, Germany on a five days' leave and that he hoped to go soon to London on a ten days leave in company with a party of 25 others.

He said one of the most inspiring sights he had lately seen was when an American flag, 55x100, was unfurled over Coblenz, Germany. Our American boys were overjoyed at the sight, he said, and moving pictures were taken of it and would later be shown in the States. He wrote that he had lately attended a grand opera performance in Germany and was seeing much of interest. The food, he said, was good and he was having a good time and did not expect to come home before the first of June.

Arthur J. Flanagan, another local boy, who is also with the 115th ammunition train, he has not seen for six weeks, he now being on duty some little distance away.

GRANDSON OF FORMER SENATOR CHANDLER

Engagement of Miss Beatrice Fairfax of Washington, to Lieutenant Theodore E. Chandler, U. S. N., is announced.

Mr. and Mrs. Charles W. Fairfax of Washington, D. C., announce the en-

gagement of their daughter, Miss Beatrice Fairfax, to Lieutenant Theodore E. Chandler, U. S. N., son of Captain Lloyd H. Chandler, U. S. N., and Mrs. Chandler, and a grandson of the late William F. Chandler, who in his lifetime was Secretary of the Navy and United States Senator from New Hampshire. Lieutenant Chandler is on his way home from French waters with the United States fleet. Miss Fairfax is among the youngest of the resident circle of society in Washington and she has not yet made her debut. She went with the family of her fiancé to Philadelphia for the launching on Thursday of the United States destroyer "Chandler," for which Mrs. Chandler was sponsor.

## RUSSIAN PRESS GROWS SATIRICAL

Vladivostok, March 22.—The comment of the Russian press in Vladivostok on the League of Nations is satirical, pointing to the results of allied occupation of Siberia as an object lesson.

The allies, the newspapers say, decided to restore order and good government to Russia and sent detachments of troops with no good results, owing to the impossibility of an agreement over the methods to be followed. The real result, they declare, is loss of allied prestige in Russia.

A grave instance pointed to is the transportation problem, as yet untouched, it is declared, owing to the difficulties of allied agreement, the railway situation in the meantime growing worse weekly.

The situation in the country is generally worse than last autumn and Bolshevist sentiment apparently is growing in Siberia.

## PERSONALS

James E. Whalley attended the auto show on Thursday.

## Everybody's Store Is Being Remodelled

We are now in the midst of carpenters, painters and masons going at full speed and altering our old store to the most modern and up-to-date store this side of Boston.

Why do we go to all this expense?

1. Owing to the enormous business we have done in the past few years.
2. Because of the hundreds of patrons increasing daily.
3. Because we have adopted new methods of doing business.
4. Giving the people what they want.
5. Because we are handling the best and most up-to-date merchandise that markets can produce.
6. Because we cannot display our merchandise to the best advantage under the old conditions.
7. We came to the conclusion that good merchandise, good up-to-date stores, and a fair and square deal to everybody, is what the people want.

We are wide awake to these facts. We want everybody in Portsmouth and vicinity to come here, with the confidence that they are coming to the most progressive Ladies' and Men's Clothing and Furnishing Store in Rockingham County.

Our enormous stock is being reduced at a great Sacrifice. A new stock is coming in when our store is completed. Watch for our grand opening soon.

## BITS OF SPORT

The High school basketball team will tackle a real proposition this evening at the State armory, in the Gloucester High team. It will be a fast game and probably the last the High school will play at home.

The springlike weather has brought out the base ball and already there is talk of the Sunset League and the teams that will be included. The revolving ship Southern is already started on a team that looks very good. There are a number of men in the ship's crew who have played professional base ball and they will be the makings of a fast team. They have already started practice and every good day they are to be seen on the field.

The members of the Portsmouth Country Club are looking forward to a big year of golf. The course has come thru the winter in excellent shape and there is considerable playing. The temporary greens are in use and will remain so for at least a month, possibly more, for there is the usual seedling to be done and it is always well to give the permanent green a good chance to get the turf well started. The club members who

## WORSE THAN DEADLY POISON GAS

Kidney disease is no respecter of persons. It attacks young and old alike. In most cases the victim is warned of the approaching danger. Nature fights back. Headache, indigestion, insomnia, lame back, lumbago, sciatica, rheumatism, pain in the joints and lower abdomen, difficulty in urinating, all are indications of trouble brewing in your kidneys.

When such symptoms appear you will almost certainly find quick relief in GOLD MEDAL Liver Oil Capsules.

This famous old remedy has stood the test for two hundred years in helping mankind to fight off disease. It is imported direct from the home laboratories in Holland, where it has helped to develop the Dutch into one of the sturdiest and healthiest races in the world, and it may be had at almost every drug store. Your money, if you get it, is refunded if it does not relieve you. Be sure to get the genuine GOLD MEDAL Brand. In sealed packages, three sizes.

were in the service, upwards of seventy-five, will be home and anxious to get back on the game. Golf like all kinds of sports is greatly helped by the daylight saving plan, which permits a round after business hours.

The Exeter Gun Club have been awarded the New Hampshire state shoot which will be held in June and Walter B. Barner the president is making preparations for a big meet. Portsmouth will send over a good number of shooters and at the same time put in a bid for the next state shoot.

The High school base ball team, is already getting ready for the season, and there is every prospect of a good team. There is a good bunch of material available and they will begin training and giving everybody a chance as soon as possible. The selection of a coach will be decided upon early and the team will get every encouragement from Principal Leo and the scholars of the school.

Alelio Ougen is anxious to get a game with the New Hampshire College basketball team, for which he will pick a team from players now in this city. It would probably include Fletcher, the two Hicks, Timmons and other available material. The State College team have a great record this season, getting away with about all of their games.

In a five string match at the Hogan alleys on Friday evening, Collins and Smith defeated Golden and Floyd by a margin of 51 pins.

Bowling has not been as keen this year as in usual the case, although it started in full fall as it was going to be a record year. There have been several teams from this navy yard, and the Atlantic and Shattuck yards have had good teams but no league was formed. It is of interest to note that the world record for a ten string total is still held by the Arcade alleys on Daniel street. This was rolled by Archie Walsh in one of his famous matches with Paul Locher, when the latter was working in this city.

The P. A. C. and the Elks hold their concluding inter-club match in Wednesday and the P. A. C. have only half a point to go to win out. They have had much the better of the argument with the Elks this year and even took one of the bowling matches away from them.

## MANY BILLS FROM THIS CITY TO BE CONSIDERED

Portsmouth has a number of bills to be disposed of in the last week of the legislature which is predicted for next week. The bill to increase the salaries of the city officials and the judge of the police court, the bill to allow the city to issue bonds for a new school house, the bill to allow all employees a fourteen days vacation a year with pay, if they have been working for the city for a year, and the greatest of all, the bridge bill. All are in the senate and will be acted upon next week, and it is practically assured that all will be passed.

## RUMORS WITHOUT ANY FACTS

There are more rumors running about this city, and for that matter it extends to the state, as to the future of the two ship yards here, than one would imagine. None of them appear to be based on facts and some are of the wildest sort.

There is just one way to consider the matter, wait and in good time the matter will be adjusted the same as it will be all over the country. There may be changes etc., but there is a certainty that neither of the plants will be closed or reduced much more than at present.

## CIRCLE HELD GATHERING

The Odd Ladies' Circle held an all day gathering Friday at the home of Mrs. Burt French on Union street, the members sewing for the sale to be held by the Circle on April 14. An appetizing dinner was served and a good number of members were present and enjoyed the hospitality of the hostess.

## SHOULD BE FASTEST GAME OF THE YEAR

The High school basketball team had a practice on Friday for their game this evening with the Gloucester High school team. It will be the hardest game they have played this season, and the local team feel confident that they will give the Massachusetts State champions a hard battle at least.

The visiting team is a hard proposition, but the local High school has the best team they have produced for many years and play a fast game.

# SAVE ALL THE COAL

## that you can for next winter

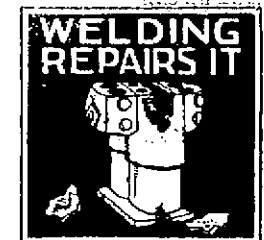

BEGIN NOW by having a Gas Range installed for all cooking purposes, then a Rex Tank Heater, so you will have an abundant supply of hot water. Now is the time of year when the bath-room is chilly, the living-room and dining-room are not comfortable to sit in. Let us show you a small, neat gas heater that will take care of this difficulty.

Gas is always ready at your command; appliances are reliable and the cost to operate as compared with coal is certainly worth your attention.

**POLICE CALLED OUT FOR GANG FIGHTS**

**School Boys Scrapping in Different Parts of the City.**

Several times during the past week the police have received hurried calls by telephone on account of boys fighting. The rows proved gang fights of school boys who have been making it up in all parts of the city. Nearly a hundred of them were in the trenches on Liberty street, State street and the North End where they used sticks and stones against the enemy.

It reached such a stage that one of the principals of the schools was obliged to call in the ring leaders of the factions for a conference. The police

were also obliged to take a hand in the matter and the next time a call is sent in the boys will be taken to the police station. Gang fighting among boys is nothing new but none of it has occurred for several years. (The parents, teachers and police should break it up. A few extra hours added to the afternoon session would put an end to it quicker than anything else.

**BROWNLEE, MISSING YEOMAN, TOOK \$7686.96**

**Commander Osborne Issues Statement-- Prisoners Will Make Good Amount He Robbed Them Of**

The Commander of the Naval Prison has permission from the Secretary of the Navy to make public the facts concerning George Brownlee, the Chief Yeoman who last month deserted under suspicious circumstances.

George Brownlee served a term of one year and eleven months at the Portsmouth Naval Prison, and was restored to the Naval Service by special action of Secretary Daniels on December 24th, 1917. He had been recommended for restoration by the former as well as by the present Commanding Officer of the prison.

Brownlee upon restoration continued in an office position he had previously occupied; the safe in his office being used for temporary safekeeping of money and valuables at times when the Supply Office of the prison was not open. Unfortunately Brownlee abused the opportunity by retaining money and valuables which should have been turned over to the Paymaster. This was in violation of the regulations and of an express order issued by the Commanding Officer. Postal orders, drafts and money coming through the mails were also placed in Brownlee's hands for deposit with the Supply Office; and, acting in this case also in direct disobedience of orders, a

considerable sum was retained by Brownlee and apparently used for his own purposes. The large increase in the number of Naval prisoners had led to a considerable increase in the amount of these deposits. A careful audit of the papers in Brownlee's office, together with the statements made by all of the men now confined in the Naval Prison, by a Board composed of Lieutenant Converse, Ensign Barnett and Ensign Donnell, show that the claims of the prisoners against Brownlee amount to \$7,686.96.

At a recent meeting of the Mutual Welfare League the prisoners adopted a resolution requesting permission of the Secretary of the Navy to give one or more entertainments in the City of Portsmouth to raise a fund to enable the League to make good Brownlee's default; so that the prisoners upon their release may not be subjected to financial loss. The prisoners themselves have offered to contribute \$57.41 toward this end.

The request of the League has been approved by the Commandant of the Yard, and Secretary Daniels has granted permission for an entertainment which will take place in the Portsmouth Opera House during Easter week.

**EXCHANGE OF GRIPS WORRIES SON OF ITALY**

**Recovery Brings Smiles to Face of Local Italian.**

Only a goodly portion of luck saved an Elliot young man from a trip to the cooler Wednesday if the police had searched his bag, and he was wholly innocent of any intentional wrong.

Returning from a trip to the Auto show he took his grip from the back of the smoking car and walked busily toward the Ritz Hotel.

Just as he rounded the corner of Market street an Italian dashed up to him and excitedly began to explain about suit cases, grips and railroad cars in broken English.

It seems that the native son of Elliot had taken the Italian's bag by mistake. An exchange of bags was thereupon made and the Italian was all smiles. His gratification was caused by the fact that two perfectly good quarts of bottled in bond whiskey was in the bag he had just recovered from the Elliot boy.

And the Maine boy went on his way.

**FROM THE FIRST DOSE**

Hood's Sarsaparilla Begins Its Reconstructive Work. First, it creates an appetite. Second, it aids digestion. Third, it perfects assimilation. Fourth, it carries 100 per cent. of the nourishment in the food you eat into the blood and the body, thereby enriching and vitalizing your blood, which in turn renews your strength and builds up again your reserve strength and vitality. This makes Hood's Sarsaparilla one of the great remedies of the world. From the first dose you are on a definite road to improvement. It is of inestimable value just now to restore the health and nerve force so greatly exhausted by war excitement, the grip and influenza epidemics and the changing season. It is the right medicine for you this Spring. Get a bottle today. And if you need a mild, effective cathartic, get Hood's Pills.

**BOX PARTY**

**Given by Girls' Guild of the Baptist Church.**

The Box Party given by the Girls' Guild of the Middle Street Baptist Church in the chapel on Thursday evening was a pleasant affair and about \$31. was realized from the same.

On this occasion the young men of the parish were entertained by the Guild members, each of whom present provided an attractive box filled with a lunch for two. The boxes were auctioned off to the young men who shared the lunch with the young woman whose card he found inside.

Games and music made the evening pass in an enjoyable manner and the social was a decided success.

New models are shown in our boy's spring suits. One model, a two-button one, carries a lot of pep. While the fabrics are coming in better this spring than for a couple of seasons past, we are taking extra pains to insure satisfactory wear to their purchasers and have bought largely makes that have all vulnerable points reinforced. Two notable makes we show this season are the "Double Wear" and "Double Built."
